Smiles For Children, Virginia's Dental Program for Medicaid, FAMIS, and FAMIS Plus Children - Effective July 1, 2005

Effective July 1, 2005, the Department of Medical Assistance Services (DMAS) will be implementing a new dental program, **Smiles For Children**, for Medicaid, FAMIS, and FAMIS Plus children. Doral Dental USA (Doral), the new DMAS Dental Benefits Administrator, will administer the new program. DMAS has been working closely with the Virginia Dental Association (VDA), the Old Dominion Dental Society (ODDS), the Dental Advisory Committee (DAC), and other interested groups to develop the **Smiles For Children** dental program. **Smiles For Children** is designed to improve access to and increase utilization of dental services. The major components of the program include:

- Consolidation of pediatric dental services for approximately 400,000 Medicaid, FAMIS, and FAMIS Plus children enrolled in fee-for-service (FFS) and managed care organizations (MCOs);
- An unprecedented 30 percent overall increase in funding for dental fees approved by the 2005 General Assembly. The bulk of the fee increase (28%) goes into effect July 1, 2005 (the remaining 2% increase goes into effect on May 1, 2006); specific fees are provided in Attachment I; and
- Simplified program administration that includes conforming to industry standards, flexible claims filing options, timely reimbursement, minimal authorization requirements, a dedicated call center with provider relations staff, and expanded outreach to dental providers.

DMAS is currently working with Doral to make the transition to the **Smiles For Children** program as seamless as possible for recipients and providers. The key issues are briefly summarized below:

MEDICAID MEMO

- Providers currently enrolled with DMAS and the managed care organizations' (MCOs) dental plans will be enrolled in the **Smiles For Children** network according to the DMAS **Smiles For Children** credential requirements, which can be found on the DMAS website at www.dmas.virginia.gov. Dentists enrolled in the **Smiles For Children** program will be listed in the **Smiles For Children** provider directory. Please visit the DMAS website (www.dmas.virginia.gov) for more details.
- Doral will be sending all participating providers a welcome letter, a **Smiles For Children** Office Reference Manual, and a provider identification number as well as some information on provider training sessions.
- The **Smiles For Children** Office Reference Manual outlines procedures that dental providers should follow for services rendered on or after July 1, 2005. This manual and other important information can be accessed on Doral's website at www.doralusa.com.
- **Smiles For Children** covers all children under age 21. Recipients age 21 and over will receive the same limited oral surgery benefits that are currently provided under the Medicaid program. If you provide oral surgery services, you will receive a separate Medicaid Memo.
- Recipients will not receive a separate **Smiles For Children** ID card for dental services. Since Medicaid, FAMIS, and FAMIS Plus eligible recipients will receive dental coverage under **Smiles For Children** regardless of their MCO enrollment status, recipients may use their Commonwealth of Virginia (blue and white) plastic identification card or any of the following MCO cards: Virginia Premier Health Plan, Optima Health Family Care, UniCare Health Plan of Virginia, CareNet by Southern Health, AMERIGROUP (as of September 1, 2005), Anthem HealthKeepers Plus, Anthem HealthKeepers Plus by Peninsula, and Anthem HealthKeepers Plus by Priority. (*Although dental services have been carved out from the MCO contracts, all MCO ID cards list the 12-digit Medicaid, FAMIS, and FAMIS Plus ID number for eligibility verification purposes.*)
- Under **Smiles For Children**, the number of services requiring prior authorization or prepayment review is significantly reduced. (Please see Attachment I or the DMAS website at www.dmas.virginia.gov for the list of covered services and those requiring prior authorization or pre-payment review.)
- Payment for services which have been prior authorized or have been provided prior to July 1, 2005, will continue to be processed according to procedures in place prior to July 1, 2005. Effective with dates of service on July 1, 2005 and thereafter, Doral will process all dental claims. Paper claims should be submitted to the following address:
